

We Would Like to Hear From You!

The Board of Directors agreed on Oct 14 to establish a group that would “**explore possibilities for kitchen/bathroom redesign and upgrades for the Eagle Bay Community Hall**”. With other capital projects being canceled or redirected, the Board is interested in looking at a number of possibilities that would address capital expenditures needed at the hall.

We have put together three questions that we hope will address current and future needs of the community. We hope you agree. There are no right or wrong responses.

1. Would you be interested in having access to an upgraded, modernized community kitchen at the Eagle Bay Community Hall? For what purpose?
2. What essentials do you feel we need in this upgraded, modernized community kitchen?
3. What additional features would be important to you?

We hope these questions are broad enough to have you consider the community at present and the community of the future. For example, with the Revitalization Project scheduled to be completed next year, what impact will that change have on your thinking?

Your voice is needed in shaping the future of the hall.

We hope you will take time to respond through email to cathyfaber15@gmail.com or through regular mail to :

Eagle Bay Community Association
